Company Travel Policy FAQ

Contoso HR Knowledge Base — Sample content for learning purposes

Travel Booking

What is our company travel policy?

Contoso employees book all business travel through the approved travel portal. Flights should be economy class for trips under six hours. Hotel stays are reimbursed up to the per-city limit published in the travel portal. All travel over a set threshold requires manager approval before booking.

How do I book business travel?

Use the Contoso travel portal at travel.contoso.com. Select your dates and destination, choose options within policy, and submit for approval if required.

Expenses

How do I claim travel expenses?

Submit receipts through the expense system within 30 days of your trip. Meals are reimbursed up to the daily per-diem for your destination. Keep all itemized receipts.

What is the meal per-diem?

The per-diem varies by city and is published in the travel portal. Domestic travel is typically covered at a standard daily rate; international rates vary by location.
